PLEASANT NEWS

May 2020

From the Administrator

We are blessed to say – We are still COVID free at Pleasant View Home! At the time of this writing, individuals throughout our community have heard that the "stay at home" order will be lifted as of May 4. This will feel like a positive step forward, in putting some of our COVID-19 fears behind us. Some may wonder about how that effects the residents at PVH – the answer is – not much. Due to the high risk of COVID spread in facilities, we will continue to protect families, residents, and staff.

Our staff will continue to wear face masks at all times, and our residents will be asked to cover their nose and mouth when staff are present in their room. If we should have a positive case our staff will be in full PPE. We will continue to screen and take the temperatures of all staff and health care workers at the door. We check our residents for temperature and symptoms twice a day. Hand hygiene is important for all.

The residents are spending time in their rooms, so we thank our resourceful staff for the activities and conversations that they bring to the residents each day. Our families have been resourceful in finding new ways to communicate and show they care. There will be no guests or vendors entering our building. Packages and deliveries are dropped off outside the building and are disinfected prior to bringing them into the building. We are thankful that we purchased two ionizing sprayers for disinfecting surfaces throughout the building daily. We are also thankful for all of the reusable face masks that we have received from the community.

So far there are 19 nursing homes with 63 deaths in Kansas, due to COVID-19. Our hearts and prayers go out to the individuals in those homes.

On a lighter note, we will be celebrating National Nursing Home Week May 10 through 15. We will have some fun and interesting activities planned for residents and staff.

Jalane White

jalane@pleasantviewhome.com

Bill of Rights of Pleasant View Home

- Right to manage his/her financial affairs including right to know, in advance, what charges facility may impose against a resident's personal funds
- Right to keep and use personal belongings and property if possessions do not interfere with rights, health, or safety of other residents of the facility
- Facility will not impose a charge against the personal funds of a resident for any item or service for which payment is made under Medicaid or Medicare; facility may charge resident for requested services that are more expensive than or in excess of covered services including but not limited to:
  - Nursing Services
  - Food and Nutrition
  - Activity Program
  - Room/Bed Maintenance
  - Routine personal hygiene items/services required to meet the needs of resident
  - Medically-related social services
  - Hospice services elected by resident and pain under Medicare Hospice Benefit or paid by Medicaid under State plan

Prayer Box

Do you have an important prayer request? A Prayer Box is available for residents, staff, and friends to submit **Prayer Requests**. The box is located next to the water fountain, near the south entrance. The Chaplain's Prayer Team will check it daily, and pray for these requests.

Chaplain's Article

Luke 12:15, 22, 23 NIV

Then [Jesus] said to them, "Watch out! Be on your guard against all kinds of greed; a man's life does not consist in the abundance of his possessions" …. Then Jesus said to His disciples, "Therefore I tell you: Do not worry about your life, what you will eat, or about your body, what you will wear. Life is more than food, and the body more than clothes."

The news concerning the coronavirus is scary. The reality is this: The world is experiencing a pandemic; and there is no remedy to the problem yet. The best antidote that we have to this date is cleanliness (wash your hands with soap and water), face masks, and social distancing. We are rightly concerned; we see and listen to the news; and it is grim. Thus, we pray that this terrible virus won't "touch" us, nor our loved ones and friends; and we are thankful to the Lord that we are no more affected than we currently are.

The effects of this pandemic not only concern our health, but also our financial welfare. The economic prospect for the American public is gloomy indeed. Some believe we have entered into an economic depression comparable to that experienced during the Great Depression of the 1930s. Governors have "shut down" non-essential businesses in their respective states; there is hardly an area of business today not adversely affected.

On a personal level people in retirement (and their children) see the negative reports of their 401K and IRA assets. The news is depressive! What to do? Listen to the Lord Jesus again: The people He spoke to were poor, living day-by-day, with no retirement accounts, barely making out a living. Jesus tells us to trust Him; He will take care of us. He loves us too much not to provide for our needs. Hear His words again: "Consider the ravens. They do not sow or reap…yet God feeds them; and how much more valuable you are than birds!" (Luke 12:24)

In an effort to protect PVH residents and friends, no chapel will be held in the month of May. We are saddened about this; we miss chapel, just as much as many miss the Sunday worship gatherings. To enhance your personal worship experience, I encourage you to listen daily to Christian radio programs, especially those with good Bible teaching and uplifting spiritual music. As you read the Scriptures, ask the Lord to help you keep the "heavenly" perspective.

In the past month the following have expired to receive their eternal reward: 1) Roy Nachtigal on March 27; 2) Laurene Reimer on April 1; 3) Mary Meyer on April 14; 4) Esther Nikkel on April 14; and 5) Glenn Carey on April 23. May the comfort of Scriptures encourage the hearts of those left behind.

It has been difficult adjusting to the new life here at Pleasant View Home but all of our staff are doing a great job of helping residents stay upbeat and active while keeping everyone safe. Whether it's visiting one-on-one while playing a game, providing a word search or coloring page, playing hallway bingo, or enjoying some sunshine outside with the residents, everyone is helping make these difficult times a little easier. We appreciate all the staff that are doing their best to brighten the residents days.

"Be strong and courageous for the Lord your God is with you wherever you go."
Joshua 1:9

It is with a sad heart that I announce my resignation as the Director of Social Services here at Pleasant View Home. I will be moving back home to be closer to family and starting a new adventure there. My last day will be **May 21st**. I appreciate the opportunity to have worked with the residents and staff of PVH. They took me in and made me feel a part of this family from day one. I will miss everyone very much and I wish you all the best.

National Nursing Home Week
is May 10-16.

"Sharing Our Wisdom "

If you have a Facebook account be sure to visit our Pleasant View Home Facebook page and "like" us! It's also a great way to keep up on what the residents are up to.

Boosting Our Immune System During the COVID-19 Crisis and Beyond

We have seen the importance of a healthy immune system throughout the Coronavirus crisis. A central player in the fight against the coronavirus is our immune system. It protects us against the virus. But sometimes it can turn against us. White blood cells, antibodies, and other components, including organs and lymph nodes, make up the body's immune system. Your immune system helps protect your body from foreign or harmful substances. The age-related decline of immune function is generally associated with an increase in susceptibility to infections as well as in incidence of autoimmune deficits in older adults. People who have a weak immune system can take several steps to maximize their chances of staying healthy and avoiding infections.

- **Practice good hygiene**. It is important to wash hands frequently including before, during, and after preparing food; after blowing the nose, sneezing, or coughing; after treating a cut or another open skin wound; and after having contact with someone who is unwell.
- **Manage your stress levels**. Stress can weaken the immune system further and make a person more susceptible to illness. Practices that may reduce and manage stress include yoga; meditation; and spending time pursuing your favorite hobbies.
- **Get enough sleep**. Lack of sleep disrupts the normal production of white blood cells, a crucial component of the body's immune system. Adults should aim for at least 7-8 hours of sleep per day.
- **Eat a healthful diet.** Eating a healthful, balanced diet can improve a person's overall well-being. For people with a weak immune system, a diet that is rich in vegetables and fruit, which will provide plenty of nutrients is recommended.
- **Exercise regularly**. In addition to strengthening the body, exercise causes the body to release endorphins that reduce stress levels. Those with weak immune systems should be careful not to push themselves too hard as this can weaken the immune system further

How can Therapy help? Seeking professional advice to analyze your unique health situation can often result in simple solutions to boost your immune system. Your rehab team can identify lifestyle changes that can facilitate staying physically and mentally healthy. In addition, your rehab team can provide practical and helpful information and resources in order to assist in health promotion in your community**.**

For additional information, please contact your Select Rehabilitation Physical, Occupational, and Speech therapists at Pleasant View Home.

New Pharmacy Option

Pleasant View Home offers several choices in pharmacy providers. We are happy to announce that **The Medicine Shoppe** in Hutchinson is our new local pharmacy for prescriptions for our patients at Pleasant View Nursing Home. If you are interested in getting your prescriptions from The Medicine Shoppe, you are welcome to contact us or The Medicine Shoppe.

A local option for medication may be beneficial. Not only is The Medicine Shoppe a preferred vender for Medicare-D insurances, they have agreed to offer competitive pricing on non-covered prescriptions as well as over the counter medication. Additionally, located just 15 miles from Inman, The Medicine Shoppe can get the medicine to us quickly. They dispense medications in unit dose packaging as well.

The Medicine Shoppe is located at 1401 N. Main in Hutchinson. Their phone number is 620-663-7681.

HARVEST HOUSE

April 2020

We cannot wait to see our family and friends again soon- and very soon! But the overflow of cards and beautiful flowers have encouraged us so much. Through window visits, phone calls, and FaceTime on the iPad, we have tried our best to stay connected.

Soon we will be together again, until then, we are praying for everyone to stay healthy and we love you!

While we continue on with life in Harvest House, we have taken on painting projects from the outside courtyard to older bird houses to yard décor animals. We have taken on many fun, colorful projects to keep our hands busy. We even heard that hunting season began again, and decided to hunt rabbits, and possibly a few nurses as well, with nerf gun wars to keep them on their toes. The best medicine is laughter you know! :)

WALNUT COURT

MAY 2020

We are trying to adjust to our new "norm" by staying in our rooms or at least 6 feet away from our friends, and Barb is doing great at keeping us active in our rooms. We have been trying our hands at painting sun catchers and mobiles, and Fannie Mae has even tried her hand at numerous jigsaw puzzles.

We sure are missing our family and friends visiting us, though. Esther made a surprise video call to her granddaughter, Michelle. It seemed they both enjoyed the quick chat. Please feel free to call us and we will be glad to assist your loved one with the phone call. We are even set up to FaceTime or Zoom chat with you.

COVID-19 may have stopped us from seeing our friends and family up close and to some even in person, but one thing is for certain, COVID-19 has not stopped us from spending time with our Lord and reading his word. We snapped a picture of Carolyn and Barb working on daily chronicles together. We are also continuing our daily Bible trivia question and earning our activity bucks. We have adjusted to Barb writing the questions on paper versus coming to the dinning room to read the board. The Bible question at the time of this writing comes from Exodus 3:12, Where did Moses see the burning bush?

April Blessed us with serval Birthdays. Esther, Ellen, and Tennie celebrated their birthday on the 10th. Barb celebrated her birthday on the 20th, and last but not least Geri celebrated on the 28th. It's a good thing we love cake!

Our family lost a member, as Esther joined our Heavenly Father on April 14th. We will miss her and her family dearly.

Walnut Court Staff
barb@pleasantviewhome.com

Cottonwood Corner

Can you see what warm sunshine and fresh air does to the spirit??? These big smiles prove what God has to offer is splendid! So in the meantime…. what's going on inside our neighborhood? Games have been helpful, but finding just 1:1 games are a challenge for some. For others it's a great way to pass an afternoon.

Gretchen and I are playing "Shut the Box" and it's really fun! It's good for one to four players, and it makes you rely on your math skills. It is fun to see all the homemade cards that continue to appear at our doorstep! Children and adults have been super creative and colorful with cards and pictures for random acts of kindness to our residents. Amalia received a packet of cards from her church friends at Apostolic Faith Tabernacle.

I want to let all families know that we appreciate your understanding as we have had to deal with many changes going through this COVID-19 time. Changes keep coming, and we now are all wearing masks at all times. These pictures are from earlier in the month.

Ray's family, Steve & Mary, drove all the way from Wichita to stand outside of his window with signs just to show their love and support for him! That's the kind of families we have here. Anna Grace Flickinger's family went another route and provided oodles of finger foods for the definitely hard-working staff. Those smiles are NOT fake news, and we appreciated their kind gesture so much! Ima has been using FaceTime to keep in touch with her family along with other residents doing the same thing. Winona, Wilbur and Frieda are playing a Bible Bingo game down their hall.

Plaza

Hello fellow residents and staff members!

April has been a fun-filled month in the Plaza. We have filled our time with fun activities, from making hearts with slogans to enjoying the nice weather in the court yard. Miss Virginia and Miss Rachel celebrated birthdays this month, and we enjoyed our take-out lunch from Braum's. We can not wait to see to what next month has in store!

I am sad to say Plaza lost a member of the family; Glenn Carey went to be with Lord on April 23rd. We will miss him greatly!

May 2020 East View Villa and Estates

Happy May everyone!
I pray that all is well with you and your family.

It has been a very unusual and trying time for everyone. This is not something that we had expected or planned for, so it has left us feeling confused and bewildered as to what to do. Just remember **"Safety First"!**

Hazel Zink has been helping outside with the gardening projects that need attending to. Thank you so much for your dedication and hard work.

As you have noticed, everyone under the roof has received a mail box by your door. Now your friends can leave you a note or card if you're not home. Please feel free to decorate them any way you would like. This Basket was decorated by Joan Siemens. Nice!

Remember, Brenda will pick up any outgoing mail, for now.

As you can see we don't have any activities scheduled **YET**, but we pray that we will be back to normal soon! Joyce Anderson has been busy with different projects both inside and out. Looks great!

There are other residents that are working on crafts in their "SPARE TIME". It's all about making the most of what we can and have fun in doing it! Thank you to Resa Core for the hard work in making face masks for us. Great Job!

I am working on another "NOSEY NEWS" letter, so be sure to get you information in to Brenda by email (brenda@pleasantviewhome.com) or by phone or message. I love to hear what everyone is doing to pass their time.

I will keep you posted if we are able to add activities or get together. God Has This!

Keep a prayer in your heart, a smile on your face and know that you are Loved!

God Bless, Until Next Time!
Brenda Goering

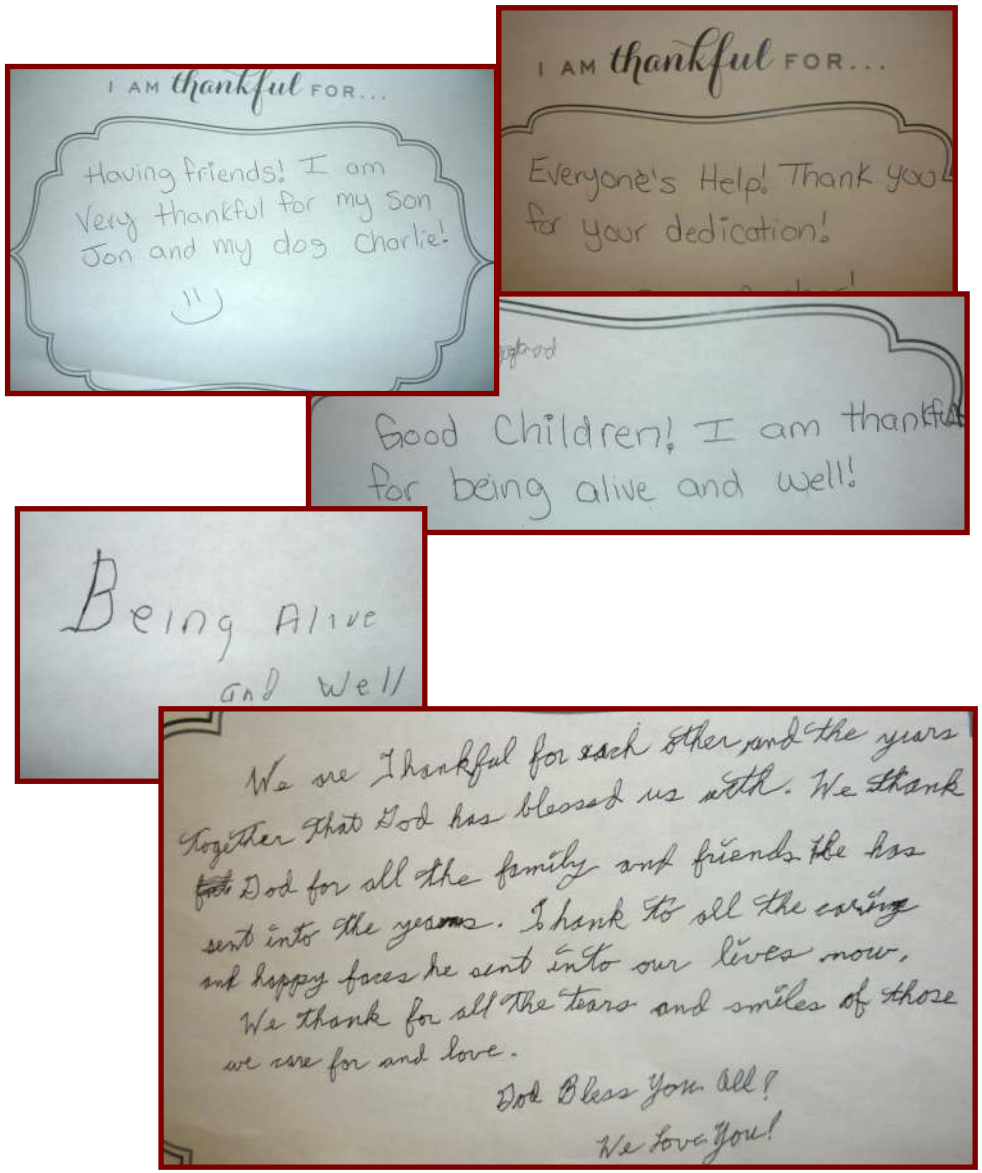
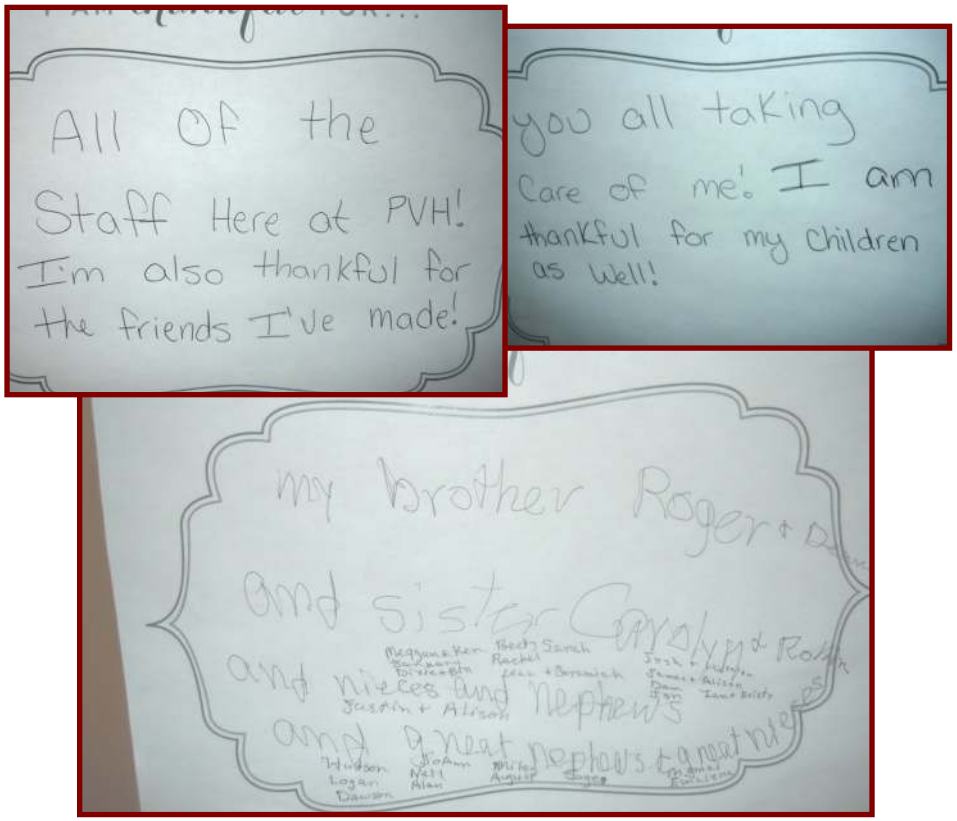
Ivy Grove

& Maple Lane

Even though times are challenging right now we can still be appreciative for the many blessings we do have. Here is a few things that the residents are grateful for.





We are also making a poster ***"After COVID –19 has passed I would like to……."*** then we will be checking off each completed wish. Here are just a few of those wishes.

**Go shopping at Brown's and Kohl's
**To see my daughter **Go eat in the dining room
**Have the family together **Go bowling **See the kids
**Getting out of my room **Get a haircut

As a reminder, we can Skype or Zoom, so you can have a face-to-face conversation with your loved one. Just give us a call 620-585-6411 or email me at address below and we will get you set up. Please stay safe and count your many blessings.
